

DESPERATELY NEED YOUR HELP

It's a fact provision will fall away as a result of Government funding cuts.

We believe good provision needs to be protected as it plays a vital role towards youngster's development and provides much needed stability and consistency for the future.

SAD NEWS

The owners of the field have recently decided to sell it which would leave us without a base to operate.

This of course potentially causes us severe difficulties in meeting the aspirations of the young people.

In order to secure a permanent base to continue our work we need to raise funds to buy the field ourselves and accordingly would be most grateful for any financial assistance which will enable us to achieve this aim.

IF YOU CAN HELP

Please go to our donations page on website:
www.connect4cyp.org.uk

Alternatively contact : 07862 684 216
Thank you

**CONNECT 4 Children and Young People
Registered Charity : 1141859**

Set up to support and encourage children and young people towards positive activities and provide extended help at school and project work days

Many children and young people have benefited by enjoying learning new skills, developing self confidence, team building, and making new friends.

In addition CONNECT 4 Children and Young People has assisted in mentoring youngsters, providing leadership through training courses and encouraging the obtaining of qualifications.

Activities are run by expert and qualified workers in a safe and fun environment.

We are located in a perfect setting in a field between Great Missenden and Little Missenden where we run the Playzone Motor Project

Supported by
Thames Valley Police
Chiltern District Council

'Working together for safer Communities'

(BUT SEE SAD NEWS ASIDE)

We also work alongside professionals and charities to strengthen support. Reaching communities in need of our help and taking activities and transport equipment to local venues.

CONNECT 4 Children and Young People believe provision offers a vital contribution towards consistency and stability.

Children and young people have shown willingness to get involved with planning and working on projects , which helps self development.
